

## NODE.JS: Dynamic Responses

Let's find out which of the following **dKin Caps** is the most popular. Please cast your vote by clicking the appropriate button below. Please click either the 'Like Yellow' or 'Like Grey' buttons to cast your vote. A response with the current results will then be presented.

The buttons should issue a GET request to the server. With the *Like Yellow* button sending it to the route `/likeyellow`, and the *Like Grey* button sending it to the route `/likegrey`. A new page should be presented after clicking that shows the total number of votes entered and the breakdown for **likes for yellow** and **likes for grey** votes submitted.
