

## Hat Usage Data

In this section of the page, we have a nice table with some data from a survey conducted in 2013 as published in the paper [A study on Hat User Habits and Their perception of the Product Form](#). The table below is styled with the bootstrap classes `table` `table-striped` `columns` `table-hover`, and the `table-primary` applied to the table header `thead`. Some rows in the table also use the `colspan` control. Note, the table also includes a caption and is constrained to 10 columns on wider screens and all 12 columns on small screens (i.e., `col-md-10 col-12 mx-auto`).

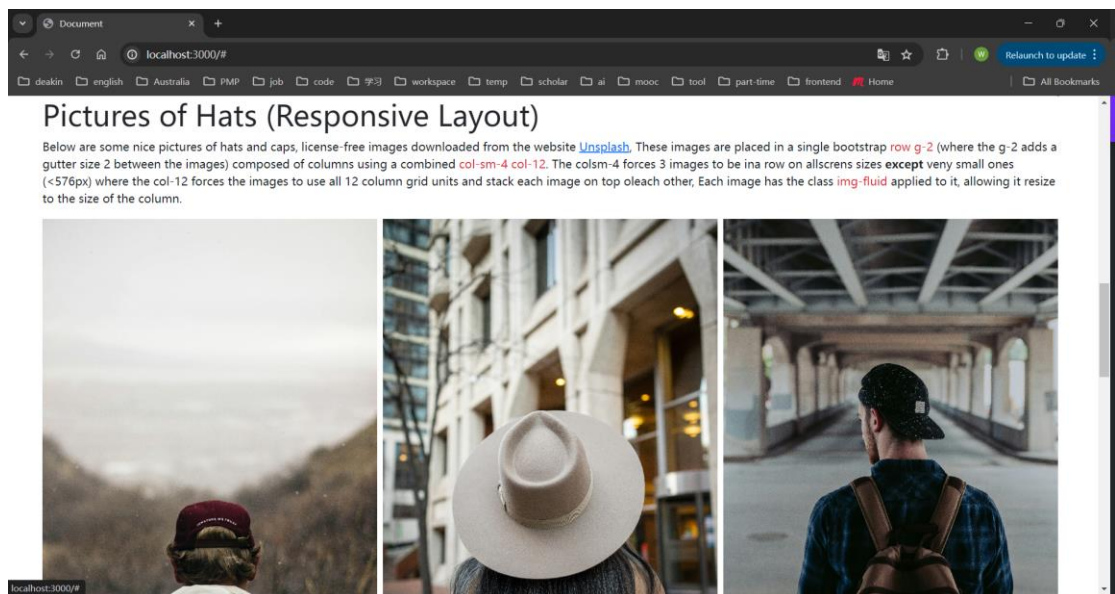

Item	Male	Female	Total
Do you usually wear a hat? (Often wearing a hat)			
Yes	11	10	21
No	21	12	33
How often do you clean your hat? (frequency of hat washing)			
Whenever it gets dirty	17	17	34
Once a week	4	0	4
About once a month	4	1	5
Never	7	4	11

Hat Usage Behavior Data (54 respondents, 2013)

## Pictures of Hats (Responsive Layout)

Below are some nice pictures of hats and caps, license-free images downloaded from the website [Unsplash](#). These images are placed in a single bootstrap `row g-2` (where the `g-2` adds a

## Pictures of Hats (Responsive Layout)

Below are some nice pictures of hats and caps, license-free images downloaded from the website [Unsplash](#). These images are placed in a single bootstrap `row g-2` (where the `g-2` adds a gutter size 2 between the images) composed of columns using a combined `col-sm-4 col-12`. The `col-sm-4` forces 3 images to be in a row on all screen sizes **except** very small ones (<576px) where the `col-12` forces the images to use all 12 column grid units and stack each image on top of each other. Each image has the class `img-fluid` applied to it, allowing it to resize to the size of the column.

## Hat Stories

The following three images and text are each held within `div` block that the class attributes `p-4 mb-4 bg-primary-subtle rounded`, to set the padding, margin, background color and corner shape, respectively. Each Image & Text holds a `row`, with the text assigned to 7 column units `col-sm-7` and the image assigned to `col-sm-5`; allowing the text and images to span 5 and 7 column units respectively on screens greater than 576px units. Added to each of these two columns is the `col-12`, which says when the screen is smaller than 576px, it will then use all 12 column grids for each image and text, allowing them to be stacked on top of each other.

Sun Hats by Adiran Siaril

Here, the class `img-fluid rounded` has been applied to the image. The title above uses `<p class="lead">` to make the text stand out. While this text uses the `<p class="small">` to distinguish it from the normal paragraphs.
