

# SIT773 Software Requirements Analysis and Modelling

## Pass Task 5.4: Week 5 Quiz

---

### Overview

Each week we introduce you to a range of terminologies, techniques, and practices related to software requirements analysis and modeling. These quizzes give you a chance to demonstrate your understanding of this basic terminology.

### Submission Details

Submit the following files to OnTrack:

- A screen shot of the page at Weekly Resources, CloudDeakin, with your quiz results, showing your login at the top right.

### Instructions

For this task you need to undertake the quiz by the end of week 5. You can have multiple attempts at each question, but you need to get all of the questions correct.
